New York Stock Market

NEW YORK, October 15.—Prices of stocks to-day continued the vigorous recovery which set in yesterday, United States Steel was the dominant leader of the speculation, and its rapid advance set the tone for the whole market. Of scarcely less influence on sentiment was the new prominence assumed by St. Paul, Amaiganated Copper and Union Pacific, which are supposed to be the favorite speculative mediums of the Standard Oli party. The movement in these stocks had the effect of quieting an apprehension professed by an element of the speculation that the Morgan movement in the market did not have the support and approval of the Standard Oli party.

The movement of the interior ex-

port and approval of the Standard Oil party.

The movement of the interior exchanges show that a lull has occurred in the demand for currency, such as is not unusual for a few weeks after the 1st of October.

Reports of a contemplated dinner, at which the heads of the independent steel comparies are to be present in company with the head of the United States Steel Corporation, made the immediate occasion for this remainder, which alleged an intended close working agreement to include all the producers.

NEGRO MURDERER DENIED AN APPEAL

Slayers of Artist Schultz Refused New Trial by Supreme

Court.

MONUMENT NOT INJURED

Reports of Vandalism at Crater Denied-Incendiarism in Henry County.

Death in the electric chair now seems certain for the three convicted murderers or Walter F. Schultz, who was killed at Alexandria on March 8 last. A writ of error was yesterday refused in the Supreme Court to Calvin Johnson, one of the men under sentence of death, and no hope remains for him except the chance of executive clemency. Richard Pines and Eugene Dorsey, the other negroes convicted of the slaying of the Chicago artist, have, it would seem, momore chance than Johnson, the cases being practically the same.

The Governor recently reprieved the three convicts, to await the action of the Supreme Court on a petition for a new trial, presented by Lewis H. Machen, attorney for Johnson. Johnson is to die on November 19, Pines on November 26, and Dorsey on December 3.

Osborne Brought Back.
Sheriff Gill, of Chesterfield county, has returned from New Salem, Pa., with Clarence A. Osborne, charged with assault committed in that county on April 1 of this year, Osborns was arrested in the Pennsylvania town, and a requisition issued for him by Governor Swanson was honored by Governor Edwin S. Stuart.

of whom say it was most brutal,

Mr. Pollock was sitting quietly in his office at headquarters, when a man rushed in and breathlessly gave the information that "a boy over in the Square was beating a young girl to death." None of the members of the police or detective forces was present at the time, and the secretary took the case in hand. He found the circumstances about as represented.

As he entered the Capitol Street gate, Mr. Pollock took in the situation at a glance, and increased his pace. Bolton saw him coming, and started to run. The officer was the better could reach Bank Street, the hands of the law were upon him. Mrs. Bolton suffered two badly-blacked eyes, and other scars are evidence of the severity of the blows.

other scars are evidence of the severity of the blows.

Mrs. Bolton, according to the facts as presented, was sent home from Phoebus several days ago, and went to the home of her father. She is said to have quarreled with the parent, and left home. She was boarding on Ninth Street. Bolton, hearing of this, came to investigate, and ran across his wife in the park. Mrs. Belton is sixteen years old, and the husband two years her senior. Bolton is a prisoner in the First Police Station, and whether the charge is made a felony will depend on the report of a physician as to the wife's condition.

Wants Cows by Thousand.

A request for a farm on which to graze from 1,000 to 2,000 cows is calculated to stagger even the resources of the Department of Agriculture. Yet such are the plans of S. S. Hallett, of Aspen, Col., who is in correspondence regarding the scheme with Commissioner Kolner. The department will endeavor to accommodate the inquirer, since its rule is to produce anything that any other State can furnish.
